*“Vatsalya Vihar is  
the muse of an artist, the dream of a designer,  
the romance of a writer, the canvas of a painter”*

-----

This one-of-its kind concept fuses the  
indulgent grandeur of a five star  
hotel with the intimate warmth of  
home like hospitality - wrapped in the  
nurturing peace of nature.

## Exclusivity is our Hallmark

---

Vatsalya Vihar is a premium limited edition experience.

**We only offer 5 independent villas and 2 lavish suites in 10 acres of lush greenery.** Our 1000 plus trees bring nature close and tranquility closer.

Enjoy the service from people who care, a welcoming sense of comfort and soak in that rarest feeling of all: *being exactly where you belong*

Our living spaces come with:

*LUXURY AND COMFORTS* of modern fittings, mood lighting, designer bathrooms with sink-in bath tubs and rainfall showers, spacious king-size beds, high speed internet, in-room digital entertainment and more.

*CURATED ELEGANCE* of hand-carved solid wood furniture, regional artisan linen and tastefully chosen artworks to give every villa its own unique personality, details and charm.

# Villas

---

## *Extravagant Earthiness*

Villas at Vastsalya Vihar are named after the flowering and fruit trees that grow here - *Sandalwood, Pomello, Apricot, Kachnar and Kadamb.*

Villas sit in the heart of the property with exuberant views of gardens, orchard patches and the hills beyond.

Every beautifully appointed villa additionally offers:

*A private fenced-in garden* - come, walk on dew-drenched morning grass or try the pebbled pathways for natural acupressure.

*Spacious sit-outs with patio style furniture* - the extra large balconies and sit outs are perfect for cosy conversations or to lie back and enjoy the glory of nature.

*Private terrace with designer charpois* - take time out to sunbathe in the day or gaze at the starry night skies.

### **ENSUITE LIVING ROOM**

In addition to a spacious bedroom we also offer a separate living room with every villa. The living room comes furnished with a day-bed and television to comfortably accommodate an adult or child.

# Suites

---

## *Spacious Opulence*

The Suites are designed to pamper you with space, luxury, comfort and privacy that will make you feel like royalty.

Aptly called Mango and Mahua, the suites overlook the Aravalli range in the distance with close-up views of the pool, gardens, walkways and tree canopies that are flocked by local and migratory birds.

**Every 1500 square feet suite** is generously planned to include a living room, spacious bedroom, walk-in closet, large balcony with a swing and dining set as well as a cozy private sit-out.

*We are committed to preserving the environment and use re-purposed wood and locally sourced stone in our décor & furniture.*

## Gourmet Cuisine

*Nothing brings people together like good food.*

Magnificent dining experiences, long lazy lunches under our mango tree, intimate dinners by the pool-side or laid-back picnics in the garden - at meal time, you will be spoilt for choice.

Our expert team of chefs pride themselves on sourcing farm-fresh organic fruits and vegetables to create an irresistible menu of Indian and international fare.

The menus change daily allowing guests a new culinary experience each day. **Every drink, every snack, every impromptu meal is prepared and presented with love and served all-day long on demand.**
